

155 Pakura Street Te Awamutu NZ

3  1  1 

My sellers are moving and need their loved home SOLD. Their charming three bedroom bungalow within a flat 999m section, great for family fun and entertaining. Delight in the sun that streams into the open plan family room or enjoy the quietness of the separate lounge. The HVS heating system and the recently installed two heat pumps have now been complimented with new ceiling insulation, providing you with a cosy winter comfort. This 1940's home has recently been updated with new carpet and vinyl throughout and a repainted exterior. If this sounds like the home you would like to own before this winter - contact me for more information.
