If you have missed exceptional buys before then call immediately to avoid missing this one. A special new home all on the level with many extras and quality finishing. Designer kitchen which is centrally located between the lounge & family dining areas. North facing so very sunny with a Portoco (covered outdoor living) from the kitchen area. This is a modified version of a "Classic Home". Built in 2010 in a new subdivision. The owners hand picked this section as there is a paper road between them and the next section so no neighbours too close. At the moment they enjoy cattle grazing next door on a vacant land lot. The owners have simply loved this home and location but have now decided to move in a new direction so keen to sell. A short stroll to the new complex on Cambridge Rd. Hurry it won't last.
