

### 79 Puhue Road Te Awamutu NZ

5 3 2

This uniquely designed home on 3600m in the peaceful rural setting just minutes from Te Awamutu and handy to Cambridge and Lake Karapiro.

Dazzling rural views from almost every window.

Concrete block construction with copper spouting this 4/5 bedroom family orientated home offers three spacious living areas and a separate kitchen which overlooks the inground salt water pool.

There is in this house a sense of history derived from the use of exposed beams from the Taupo Memorial Hall and solid macrocarpa planked doors. It accommodates family and guests with ease and although "different" with its exposed concrete block walls, it certainly has a "homely" feeling.

This home is an art lover's paradise with plenty of wall
