

328 Teasdale Street Te Awamutu NZ

2 1 3

A solid weatherboard home built in the 1950's, approximately 90sqm in size.

It is extremely private and the outlook is across town to the north and west.

Sections like this are very 'scarce'. A full site just so close to town. The home is built on the front of the section and the driveway access appears to be approx. 3.66m wide.

Discerning buyers - this is smart buying!

Being a deceased estate, the family are very motivated to sell the property.

Type : House
Building Size : 90 sqm
Land Size : 1012 sqm
