This property is situated on the western side of town, the main shopping centre, and Events Centre being a short distance. This home was built by a very clever Engineer/Builder. You have to see it to believe it. I have been involved in the housing industry for 35 years and this would be one of the nicest homes I have seen. On top of a full basement which has a toilet and basin, you are treated to 3 double bedrooms, spacious kitchen and dining, separate lounge with good access to a large deck which offers great views to the east. This is the first time this home has been offered for sale and I am sure the new owner will be very happy living here.
