

91 Leith Street Te Awamutu NZ

3  1  1 

This rental investment is situated on the western side of town, the main shopping centre and events centre are within walking distance. The college is at the end of the street and buses run to other schools in the area from there. The older style home consists of 2 x 2 bedroom flats with carports and garden sheds and at the rear a 3 bedroom newer hardiplank home with a carport and garden shed.

A tidy investment property with potential to increase rents and a coat of paint would increase the value.
