But only minutes from town. This spacious brick property has character and charm with its lovely plaster ceilings, chandeliers and beautiful gardens.

The home has three double bedrooms plus a good sized office, which could double as a fourth bedroom. The living areas are so spacious and the private deck area is built to enjoy the sun, views and grounds.

The section size of 2602m is beautifully planted with a variety of fruit trees.

Entertaining in this home would be a delight - the kitchen has oodles of space and doors open out from this area to the deck.

Imagine children exploring the gardens or even having family weddings in this delightful setting.
