Set on 9170m² (approx.) (subject to survey) nestled among mature Oak trees sits a tidy 1920's four bedroom farm cottage that has been extensively renovated over the years. There is a detached double car shed and sleep out.

The added advantage is the huge 10m x 28m high stud lockable shed sited adjacent to the house. With a large area of the shed having a concrete floor the opportunities to work from home or to house the toys are endless.
