

### 378 Crozier Street Pirongia NZ

3 1

A stroll down Crozier Street and here it is, a Pirongia village icon, it would have to be one of the few Pirongia original character homes left in this area dating back to 1900. Unfortunately, because of the age of the property it is in need of considerable repair and maintenance. The house consists of open plan kitchen/dining, separate lounge, three bedrooms, bathroom with bath and shower. This property will appeal to investors, or that special person who could restore the home back to its former glory.

**Type** : House
