Offering superb views to Mt Pirongia from its elevated site this 9414m<sup>2</sup> (approximately 2.5 acres) lifestyle property in peaceful Macky Road could now be yours. With several flat paddocks for your ponies, a chook run for the fresh eggs, a sleepout for the teenage son and out-buildings to store everything you need, this one ticks all the boxes!

The substantial 1930's home is understood to have been the former Cambridge Post Office and Postmasters Residence. Featuring four bedrooms to accommodate all the family, modern kitchen and living areas with a warm sunny aspect, two bathrooms for active families and all the charm you would expect from a restored character home. With only minor finishing touches required to the interior, the attention to detail with the restoration by the current owners has been extraordinary.
