3  1  1 

Just preened and looking a dream where the next family can walk into ready-made living in a 'wow' weatherboard transformed from traditional into a modern sensation following full renovation. Three big bedrooms share a remodelled bathroom with separate toilet while a trendy new kitchen flows through combined dining and lounge with log-burner to a paved patio beside family sized lawns. Loads of room where kids can run and shout and boot a ball about fully supported by detached garaging and garden shed.

Just blinged with new everything all in a short radius to shops, retails, schools, gym and pools.

Check it out with a private viewing or come to the open home.
