

## 18 Carey Street Kihikihi NZ

4  1  2 

Much larger than you would expect from the road frontage, this sturdy 1950's home boasts four spacious sized bedrooms, office and multi-purpose room. A sunny, warm home that will suit larger families, those looking to spread out and enjoy their own space that extends across the two levels.

Full of family feel and surprises - the dining, kitchen and lounge design, where the sun reflects on the warm-honey timber flooring, is perfectly suited to casual family living. So is the new gas fueled hot water, plenty of power for everyone to have showers or a bath in the modern new bathroom and not run out!

The elevated deck offers a quiet place to sit and relax; it overlooks the rear section which has been well designed and landscaped to maximize the outdoor use.

**Type** : House  
**Land Size** : 513 sqm
