

2 Watson Place Te Awamutu NZ

4  2  2 

The first clue that this property is something extraordinary hits before you even arrive at the stunning front entrance. A sweeping driveway leading to a thoughtfully planted walkway up to the main entrance is already more than enough to draw you in completely. And it's only just the start.

Step inside the front door to a spacious and elegantly tiled foyer enticing you into a light and sunny open-plan kitchen and dining room. Take your choice of two adjacent living rooms or step down from the dining room into another living room separated by a double sided gas fireplace and enjoy fantastic indoor/outdoor flow to the decks, garden and surrounding countryside. These stunning views are shared by three double bedrooms including a master with both ensuite and walk-in wardrobe, all of which are tastefully

Type : House
Land Size : 8730 sqm
