

243 Taylor Avenue Te Awamutu NZ

3  1  2 

This terrific three bedroom home sits on a 911m2 (approx.) family sized section, with good garaging and plenty of off street parking. The spacious back section could easily be turned into a child friendly space for the children to explore and have fun or be used as an extension of the outdoor living area by adding a barbecue or bar for summertime entertaining. The home is very comfortable as is but has the potential to add finishing touches of the new owners choice if so desired. The heat pump and DVS system will keep you warm and dry in the coming winter months. This is a terrific opportunity not to be missed - Call me today or see you at the open homes.
