

### 145 Tainui Terrace Te Awamutu NZ

4  2  2 

This spectacular, elevated family home promises the perfect setting for those special occasions with family and friends. Nestled high above the surrounding properties, the extensive decking with stacker windows and folding doors leads into the designer kitchen; just the ticket for serving nibbles to your guests, or for enjoying wines as the sun goes down. The two living areas (or fourth bedroom) are great for having the kids hang out, and the two bathrooms provide convenience for all occasions. The recent remodeling of the home has been carried out to an incredibly high standard, with double glazing throughout most of the home, heat pump and solid fuel heating for temperature control, and lighting to enhance any occasion. Some minor redecorating of the upstairs bedrooms would complete the makeover of this home.

**Type** : House  
**Land Size** : 894 sqm
