

2/1131 McClure Street Pirongia NZ

4  2  5 

In the world of real estate there are few pairings more desirable than a contemporary design in a country setting. And you have both and more on offer here at 2/1131 McClure Street.

Nestled just outside lovely Pirongia Village, this is a home that impresses from every vantage point with all the amenities a modern family could want.

Let's start with your gourmet kitchen; an immaculate modern classic, complete with double-ovens and butler's pantry with an extra bench.

It flows seamlessly into a light-filled lounge and dining area where the soaring appeal of a raked ceiling enhances the feeling of space and grandeur.

And when the big game or a new series calls, there's a separate media room for undisturbed viewing pleasure.
